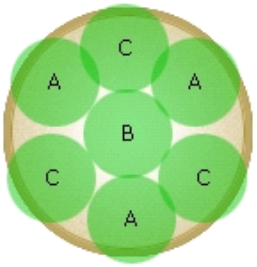
Simply Beautiful®

Long-lasting color. Simple to choose. Simple to use.



14 in. (35 cm)

#51 Cool Season

The vivid color of the Pansies in this container is the focal point that really complements the other plants. But you don't have to be limited to purple - Pansies come in so many bright colors, you can have your pick! Once the weather starts to heat up, you may notice the Pansies and Alyssum beginning to wilt, so you can plan to re-plant more Pansies in Autumn.

1 Clear Crystal™ White Alyssum
