Long-lasting color. Simple to choose. Simple to use.

10 to 12 in. (25 to 30 cm)

1 Fiesta Orange Deep Double Impatiens

more...

31 Warm Season

Here's another example of why Fiesta Double Impatiens make great container plants. Even during the hottest days of Summer, Fiesta continues to bloom and maintains its mounded shape. Fiesta can be placed in sun, as long as it's for a few hours in the morning, with shade later in the day. Water regularly and feed every 10 to 14 days with an all-purpose fertilizer.
