Simply Beautiful®

Long-lasting color. Simple to choose. Simple to use.

## #47 Warm Season

The plants in this container may look delicate, but their beauty is only part of their appeal. They are great garden performers during heat and humidity, especially in sunny conditions. The Mandevilla offers a unique way to add height and color to a container, but be sure you provide a stake so that the plant has a chance to reach it's full vining potential.
